

*Washington Ensemble Theatre*  
*Available Ensemble Member Positions*  
*Spring 2021*

Washington Ensemble Theatre is pleased to announce its next round of Ensemble member recruitment! We are looking for individuals who want to join a community of boundary pushing artists who validate, challenge, and learn from each other.

We are specifically seeking the roles of **Production Manager** and **Associate Technical Director**. Do not feel discouraged to apply if you don't yet associate with these titles. Those with any combination of the following skills — or interest in learning them — should apply for these positions:

*Production Manager*

Reports to Leadership Team

Enthusiasm for creative problem-solving

Strong and consistent written and verbal communication

Day to day use of Google Suite (Email, Calendar, Docs, Sheets, etc.)

Hiring of project-based technical artists and production personnel management

Budget oversight and basic math practices

Oversight of theatrical production timelines + detailed calendar management

Document + contract comprehension and creation

Oversight of all production departments based on project needs. Examples include:

*Scenic, lighting, costume, sound, properties, projections, livestream, access, animation, puppetry, and more.*

*Associate Technical Director*

Reports to Technical Director

Written and verbal communication

Digital drafting + drawing comprehension and creation

Budget execution and basic math practices

Leading + coordinating stage and scene shop operations, including build, load-in and strike calls

Hands on with carpentry, scenic painting, electrics, and audio

Please note, these are volunteer positions that come with a small honorarium.
