Recruitment Process

Still Interested? Here is an overview of what it might look like to go through our process:

- After reviewing this page, submit to the Interest Google Form, or contact info@washingtonensemble.org to submit the application verbally over video or in-person. For Summer 2022 recruits, priority will be given to applications received by July 13, 2022.
- You'll hear from an Ensemble member letting you know we've received your application and open up a channel of communication to ask questions, or share anything you may want to add to your application. Depending on your departmental interests, you may be invited to meet with one or more Ensemble members working in that area.
- The full Ensemble will review your submitted interest, and you will be contacted about next steps. All applications received before July 13th will be reviewed during our company retreat July 15-18, and applicants will hear about next steps in the following week. If applying after that date, an Ensemble member will be in contact about a timeline for reviewing your application.
- If interested in moving forward, potential recruits may be invited to participate in a few activities or social opportunities to further experience both the work and play involved in Ensemble membership.
- An interview with the majority of the Ensemble will be scheduled based on shared availability. Ensemble Membership is always decided by unanimous vote, so that all members know they have the enthusiastic support of all of their colleagues.
